Flexible Schedules – Set Your Own Hours Day, evening, and weekend work opportunities

THE 2020 CENSUS HAS BEGUN! ARE YOU LOOKING FOR SOME PART-TIME WORK?

Being a Census Enumerator, a person employed in taking a census of the population, could be the right fit for you!

Selinsgrove needs your help in counting every man, woman, and child during the 2020 Census. Every household was sent a Census letter and was given the option to answer the questions online, by mail, or by the Enumerator who can visit your home. So far, only 67% of the residents in Selinsgrove have responded to the call of the count. The census is part of our constitution (Article 2) and began back in 1790. Every 10 years each man, woman, and child are counted to determine allocation of funds from the Federal Government annually for the next 10 years! **The importance of this count is enormous!**

THESE CENSUS COUNTS ARE USED BY THE FEDERAL GOVERNMENT TO DECIDE HOW MUCH MONEY WILL BE GRANTED ANNUALLY FOR THE NEXT TEN (10) YEARS TO EACH COMMUNITY FOR FOOD ASSISTANCE PROGRAMS, SCHOOL LUNCH PROGRAMS, EARLY CHILDHOOD EDUCATION, HEALTHCARE, ROADS, BRIDGES AND OTHER INFRASTRUCTURE, HOUSING, FIRE, POLICE, AMBULANCE, ETC.

This is a part-time, temporary job and Snyder County needs responsible census enumerators to work this spring/summer/fall. They will get paid to contact households that have not completed a census form and to help those residents submit their information. The regional office in State College is currently hiring for Snyder County, paying \$14.50 an hour plus mileage. Census enumerators work flexible hours – days, evenings, and weekends. Workers are paid for training and receive extra pay for evening and Sunday work. Positions are ideal for retirees, veterans, high school seniors, college students, part-time and seasonal workers, bus drivers, sales clerks, food service workers, and anyone unemployed. Census enumerators typically work for 4 to 12 weeks, starting in their own community. If you are looking to help by becoming a census enumerator, then apply at 2020census.gov/jobs.
