**TIME OF USE** – DAWN to DUSK unless otherwise agreed upon with the Borough Office. To avoid conflict with other renter's use of the facilities, all decorating, preparation, setup, and cleanup activities must be completed within the time period specified in the rental agreement. Contact the Borough Office to see if any change in the time may be permitted.

**ALCOHOL** - Alcohol is strictly prohibited on all Borough property and within all Borough facilities. No exceptions.

**TOBACCO** – Tobacco use is strictly prohibited on all Borough property and within all Borough facilities. No exceptions.

**NOISE** – Borough ordinances pertaining to disturbing the peace and to unnecessary noise must be followed. Generally disturbing the peace would apply to public places, which would include the surrounding portions of Borough property; and any inconvenience, annoyance or alarm caused to persons in such places would constitute disturbing the peace. Generally, noise that is clearly audible at 50 feet from the property boundary may be determined to be a violation. Exemption from the noise requirements may be specifically authorized by the Borough, with or without conditions.

**SPACES USED** - Clean all tables, chairs, picnic tables, benches, cabinets, etc. Clean floors to remove spills and sweep to remove debris. Return tables, chairs, picnic tables, benches, cabinets, etc. to their original positions. When the facilities are not occupied and upon leaving, turn off all interior lights and any exterior lights not on photocells.

**DECORATIONS** – Decorations may not be applied in any manner that would result in permanent damage or markings on the surface to which they are applied and may not be applied to the walls or ceiling in the Pump House. All decorations and the means of applying the decorations must be completely removed. Adhesive tapes that are not manufactured specifically to be "removable" are prohibited.

**GROUND**S – All litter and debris, including cigarette butts from persons not abiding by rules (this should not be happening but we feel we must note it), shall be picked up and placed in waste containers.

**PARKING** – Vehicles shall be parked only on improved areas provided for this purpose not on the grass/lawn.

**DOORS AND WINDOWS** – When the facilities are not occupied and upon leaving, tightly close and lock all exterior windows and doors. Please remember to check the back door at the Pump House from the outside by tugging on it prior to leaving.

**BATHROOMS** - Check bathrooms to see that the faucets are closed tightly, and the toilets are not running. When the facilities are not occupied and upon leaving, turn off the bathroom lights/fans. During the cold months, the heaters in the bathroom should be left on low to maintain heat and avoid freezing pipes.

**KEYS** – Unless otherwise directed by the Borough, return the key(s) to the Borough Office not later than the next business day. The lessee may be held responsible for the security of the facilities until the keys are returned to the Borough Office. Keys may not be duplicated without the consent of the Borough. In the event of unauthorized duplication of a key or a lost key, Lessee may be assessed the cost of changing the locks on the facilities.

**KITCHEN** - Remove all food items and other materials unless permission is given in advance to the contrary. Clean and return all kitchen utensils and appliances to their original locations. Clean all counters, sinks, stovetops, and refrigerator. Clean floors to remove spills and sweep to remove debris. Check kitchen to see that the faucets are closed tightly, refrigerator door is closed, and all other appliances are unplugged or turned off. When the facilities are not occupied and upon leaving, turn off kitchen lights. Double check the kitchen door is locked in the Pump House as this is a common one to miss.

**WASTE** - Remove all trash, garbage, recycling and other waste materials and take it with you. Garbage bags have been provided within the waste containers for this purpose. If there is not a bag at the bottom of the waste container, then check the closet (PH) or the kitchen (AS) to see if there are more.

**HEATING/COOLING EQUIPMENT** – Thermostats and other controls are to be reset to the positions and settings to which they were set when the use began. During heating seasons, thermostats are to be set to 55 degrees when the building is not in use. During cooling seasons, air conditioning units are to be turned to 80 degrees when the building is not in use. Follow any other written instructions posted for the thermostats/controls.

**SNOW REMOVAL** – In the event of snow and/or ice, the Borough may not be able to clear parking areas and/or sidewalks, due to the priority of opening Borough streets, alleys, and public sidewalks. You may be required to clear snow and/or treat ice, prior to your use.

**EMERGENCY BOROUGH CONTACTS** – In the event of any emergency or any occurrence that has or would have the potential to cause damage to the facilities or would have the potential to endanger other persons, a Borough representative must be contacted immediately, as follows:
