Selinsgrove Borough Snow Emergency Advisory
Sunday, January 25, 2026

Selinsgrove Borough will be continuing to plow the main travel portions of all Borough Streets and Alleys throughout Tuesday.

Beginning Monday evening and throughout the night, the Borough will be removing snow as follows:

1. from the street, parking stalls and sidewalk areas of Market Street from Bough Street to Snyder Street;
2. from the street and parking stalls for Pine Street from Front Street to Orange Street, for Chestnut Street from Water Street to High Street, and for University Avenue/Walnut Street from Water Street to High Street;
3. from the one side of the street to which snow has been plowed for High Street from Chestnut Street to Sassafras Street, for Snyder Street from Orange Street to Broad Street, for Snyder Street from Market Street to Water Street, and for Water Street from Mill Street to Pine Street.

The Borough asks that all vehicles be removed from these areas to facilitate the removal of snow.

The Borough will be pushing back the snow banks to as close to the curb as possible throughout the remainder of the Borough. Residents are advised to remove their cars from all other Borough streets to permit this operation. The Borough's Ordinance permits 24 hours after the end of the snowfall for the required full-width clearing of sidewalks.

Borough property owners are reminded that snow may not be blown, thrown or otherwise deposited into the travel lane of any Borough street or alley. A fine of up to \$300 may be imposed for each such offense.
